

MILK FAT PREPARATION

We produce it the way you like it

Royal VIV Buisman produces a wide range of milk fat preparations for use in the food industry. Besides the milk fat component, other ingredients like vegetable oils, sweeteners, cocoa, sheep's/goat's milk-derived butter, skimmed milk, (oil-based) herbs and spices, flavours and colours can be included. As these milk fat preparations are produced under extremely hygienic conditions (clean room environment), Royal VIV Buisman guarantees milk fat preparations of the highest quality.

By combining selective blending with the right process conditions, the functional properties of the milk fat can easily be modified. The huge flexibility of our state of the art processing lines enables us to produce milk fat preparations with the required melting profile, melting point, plasticity and total fat content. We aim to tailor the milk fat preparations to meet your specific food application or required functionality.

About Royal VIV Buisman B.V.

Royal VIV Buisman is specialised in a great variety of milk fat products and a family-owned business. Founded in 1868 Royal VIV Buisman has a great history and a lot of experience in trading and producing milk fat products. In 1968 the "Royal" denomination was a fact. In the Netherlands it is only possible to get this denomination when the company has an outstanding reputation, is very important for the sector as well as the country and is at least 100 years old. Today, a wide range of special products is used all over the world and Royal VIV Buisman is proud to create more better butter moments with her partners.
